# TEA LEAVES

Tea Leaves are used in many foodservice operations and suitable for making delicious beverages.

Taiwan is famous for producing high quality tea leaves and it is also the birthplace of bubble tea (boba tea). Thus we know how to give tea the best aroma and tastes.

Kerko provides the best seller tea leaves for bubble tea shops, chain restaurants etc.  
If need any other special tea leaves; kindly contact us.

## SEALING FILM

Sealing films is applicable to many kinds of containers, including cups, trays and bowls of different materials such as PP, PE Paper, PS, PET, etc.

Kerko's films have been tested through SGS's Food-safety Examinations and TÜV Rhineland Certification; providing that there are not any restricted, harmful and toxic substances left in our films.

Using sealing films instead of lids or tray covers could greatly reduce the required storage space for packaging material as well as the amount of waste generated from packaging. Each roll can seal thousands of cups or containers, which means that the cost per seal is minimum and the profit margin can be higher when selling your products.

Kerko also offer transparent film and blank paper film without pattern.

## USA KRAFT TAKE-OUT BOX ECO KRAFT TAKE-OUT BOX

The latest American product, environmentally friendly oil-resistant kraft paper, uses a special oil-repellent coating to resist food grease and oil, and is 100% recyclable, which brings consumers a choice of environmental sustainability. In addition, the natural cowhide appearance and the natural gas smell of virgin pulp cardboard do not affect the flavor of the food itself.

The oil-proof cowhide take-out box brings consumers a brand-new experience.

## CUP SEALING MACHINE

Our container sealing machines are commonly used in food and beverage packing industry to avoid containers from leakage and keep sealed product fresh. Meanwhile, give the products better appearance.

Kerko provides several different types of sealing machine which can satisfy your need.

 **Kerko**

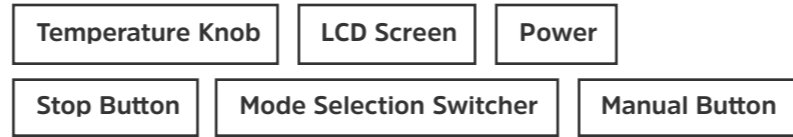

**ABS Sealing Machine PH-989S**

<b>Model</b>	PH-989S
<b>Power</b>	220V, 400W
<b>Dimension</b>	35Wx36Dx61H(cm)
<b>Production Capacity</b>	450cup/hour
<b>Max Cup Size</b>	95X180(mm)
<b>Weight</b>	22kg
<b>Case</b>	ABS+Baked Painting

**Control Pad**

Physical button panel, its mechanical structure design keeps the IC board away from the heater and the seal, which greatly reduces the probability of IC board wear.

The LCD screen can provide cup number statistics and automatic detection and display of error codes and other information. You can also design the color of the panel yourself. And patterns

**Feature of product**

The LCD screen displays information and automatically detects faults and displays fault codes to facilitate elimination. It is suitable for sealing various materials such as PP film, PE film, PET film and paper film.

The new induction proximity switch is used to automatically enter the cup electric eye Special heat-treated titanium knife strengthens the sharpness and durability of the knife. Black and white color matching.

## High Performance Cup Sealing Machine PH-588S

Drawn on the advantages of various desktop sealing machines and carried out many improvements and tests. Finally, a mechanical beverage cup sealing machine with high packaging efficiency and excellent durability was created.

<b>Model</b>	PH-588S
<b>Power</b>	220V, 400W
<b>Dimension</b>	25WX29DX56H(cm)
<b>Production Capacity</b>	500cup/hour
<b>Max Cup Size</b>	95X180(mm)
<b>Weight</b>	21kg
<b>Case</b>	Stainless Steel

four-pillar type stable structure

stainless steel entry and exit track

Stainless steel shell

Full machine Japanese Omron switch

Achieve a stable, fast, and efficient packaging experience of up to 99%. According to statistics, compare PH-588S and other models have been used for the same 5 years, PH-588S can help the owner save up to 80% of the maintenance cost. Because of PH-588S's excellent part material and structural design.

### Feature of product

Antirust and waterproof stainless steel shell and chassis.  
It is suitable for sealing various materials such as PP film, PE film, PET film and paper film.  
Automatic cup-induction electric eye  
Can switch between automatic and manual cup feeding mode.  
Whole machine Japan Omron durable micro switch.  
Special heat-treated titanium knife strengthens the sharpness and durability of the knife.  
Steel in and out track design increases stability and wear resistance.  
Automatically detect faults and display fault codes to facilitate elimination.  
The four-pillar design of the internal and external structure makes the machine more stable.

## FRUCTOSE AND POWDER DISPENSER

Kerko's professional syrup and powder dispenser are suitable for all kinds of bubble tea syrup, it can dispense the accurate amount of syrup and powder that your variable drinks need.

Using an automatic dispenser is the best way to keep drinks delicious and consistent.

The advantage is saving manpower, the handy keypad settings, and the accurate syrup dispensing are all you need to develop an efficient workflow for your shops.

Kerko provides several different types of sealing machine which can satisfy your need.

 Kerko

### Fructose Dispenser

<b>Model</b>	PH-9EN(Black)/PH-9EF(White)
<b>Machine Size</b>	260X360X420(mm)
<b>Power</b>	110V/220V, 300W
<b>Tank Volume</b>	8500c.c
<b>Dispensing Amount</b>	5~200c.c±3c.c.
<b>Net Weight</b>	9kg
<b>Case</b>	Lacquer paint

One of the most hot-selling dispenser in overseas market as it is certified by CE, UL.  
The diagonal panel is good for the user to operate in bubble tea shop or restaurant.

### Feature of product

- LED panel
  - Lacquer paint
  - 24 keypads for setting
- Diagonal panel
  - Suitable for sticky syrup
- Certified by CUL, UL EPH and CE regulations

### Powder dispenser PH-8J

PH-8J powder dispenser is latest model launched in earlier 2017.

Its cover is made of ABS plastic which is designed for exquisite appearance than painted steel and less weight.

If you often use flavored powder and non-dairy creamer to make drinks and beverage; this machine will be a great helper for your business.

<b>Model</b>	PH-8J
<b>Machine Size</b>	270X410X480(mm)
<b>Power</b>	110V/220V, 75W
<b>Tank Volume</b>	ApproX5000g
<b>Net Weight</b>	12kg
<b>Case</b>	ABS cover

### Feature of product

- LED digital panel
- ABS cover
- 18 keypads for setting
- Certified by CE regulations
- Good for milk powder
- Precise dispensing that controls error amount within  $\pm 1g$
- New device to prevent the powder being solid and easy to clean
- Quick dispensing to save time and manpower

### SMART 4 in 1 MULTI-PURPOSE TEA BREWER

Tea Extraction/ Smoothie/ Milk Cap/ Shake

<b>Model</b>	EJ-816
<b>Machine Size</b>	190X210X230(mm)
<b>Machine Size(with cup)</b>	190X210X410(mm)
<b>Power</b>	110V/220V, 1200W
<b>Cup Volume</b>	1200c.c
<b>Net Weight</b>	5kg

### SMART TAPIOCA BOBA COOKER

<b>Model</b>	F-915
<b>Machine Size</b>	315X519X685(mm)
<b>Power</b>	220V, 60HZ/3000W/12.5A
<b>Max. Volume</b>	15000c.c.
<b>Min. Volume</b>	9000c.c.
<b>Net Weight</b>	19.6kg

SMARTTAPIOCA BOBA COOKER is designed for commercial chain tea shops, coffee shops, dessert shops, Intelligent operation, convenient to set the boiling time and temperature, and automatic stirring is controlled by the computer.
